## Healthcare Special Opportunities Fund

#### June 30, 2022

Healthcare Special Opportunities Fund (MDS.UN) An actively managed, TSX-listed fund comprised of investments in the equity and debt of public and private issuers that derive most of their revenue from healthcare products and services within North America. The Fund's investment objective is to provide unitholders with long-term total return through distributions and capital appreciation of the Fund's investment portfolio. LDIC believes there are a number of key demographic and economic factors that will drive the performance of the healthcare sector and the Fund overtime. These factors include aging population, increasing living standards, industry growth leading to regulatory reform and broad technological innovation within the healthcare industry.
